»»» FUTURE PLANS

In 2024 Dynamite Gymnastics is celebrating its 20th Anniversary. As we enter this exciting time period we want to make sure the club is secure for current gymnasts and for generations to come.

As such the club has been looking at local venues that would allow us to provide long term provision of gymnastics in the local area for years to come. We are in the very early stages of planning this potential future move but need your help.

Are you a tradesperson/ know a tradesperson - we need advise and quotes for a variety of work from planners, architects, heating engineers, builders, elect and plumbers to name just a few. If this is something you could help with please drop us an email at dynamitedirectors@gmail.com

Can you spare some time to help shape the future of the club? As you may be aware dynamite gymnastics is run by a panel of volunteer directors, our directors help make club decisions, policy and oversee the running of the club. We are in need new directors to help in this role and great to see volunteers from across clubs disciplines and levels in these roles. To find out more please email us at dynamitedirectors@gmail.com

Our future plans and visions will obviously need help of external funding, do you have experience in grant applications? do you know of any funding we can apply for, do you employers give opportunity for work days on match funding. Let us know if you can help with our fundraising in anyway by emailing dynamitedirectors@gmail.com

»»» WELFARE TEAM
