## »»» FUTURE PLANS UPDATE

In our last newsletter we updated you regarding plans to explore a local move to make sure the club is secure for current gymnasts and for generations to come.

Unfortunately despite extensive background work we have not been able to find a suitable local venue that fits our size requirements/ work required to make building fit our needs that was viable.

We have therefore turned our attention back to our current building and how it could be adapted to help improve our current facilities and expand them. We are moving forward with this plan working with both our landlord, builder and architect and hope in coming months we will be able to share fuller plans of the changes we will be making.

Our future plans and visions will obviously need help of external funding, do you have experience in grant applications? do you know of any funding we can apply for, do you employers give opportunity for work days on match funding. Let us know if you can help with our fundraising in anyway by emailing [dynamitedirectors@gmail.com](mailto:dynamitedirectors@gmail.com)

## »»» WELFARE TEAM
